

November 21, 2024

Fellow NAEMA Members:

Evolution Markets, on behalf of **Maple Grove I LLC**, is pleased to offer the potential sale of a long-term Power Purchase Agreement (including RECs and capacity) from the **Maple Grove I Solar Project (148 MW AC/193 MW DC)** in Barron County, Wisconsin.

The Maple Grove I Solar Project has a commercial operation date **of First Quarter (Q1) 2027**. The project is located in **MISO Zone 1**. Maple Grove Solar will interconnect to the Barron 161kV, Dairyland Power transmission line.

Interested parties for the project's solar power generation (as produced), environmental attributes (RECs), and MISO capacity should meet two criteria items:

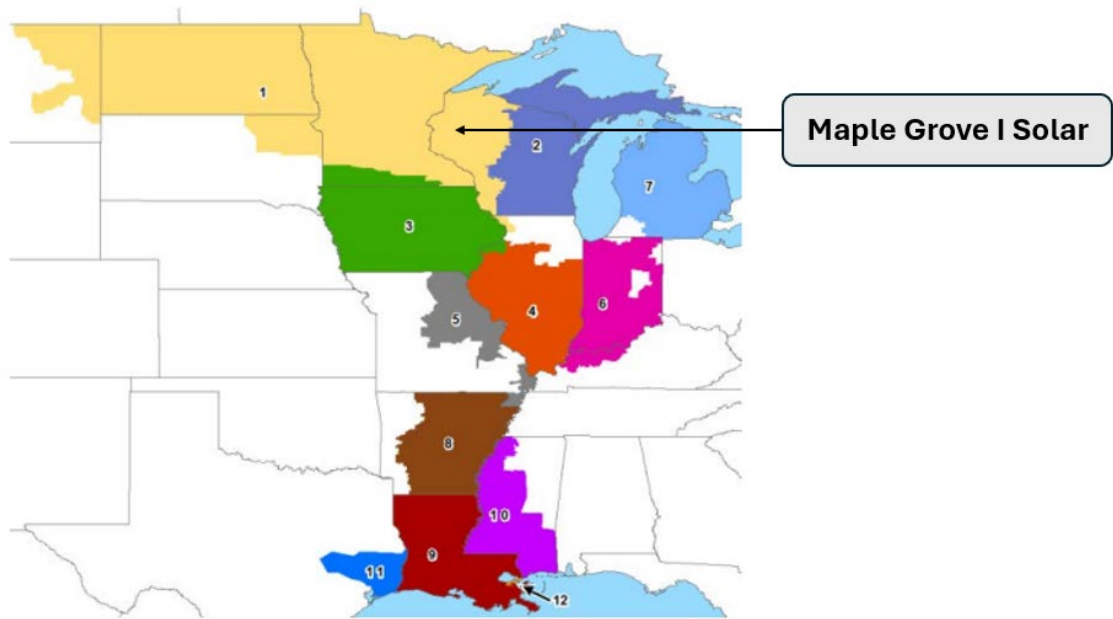

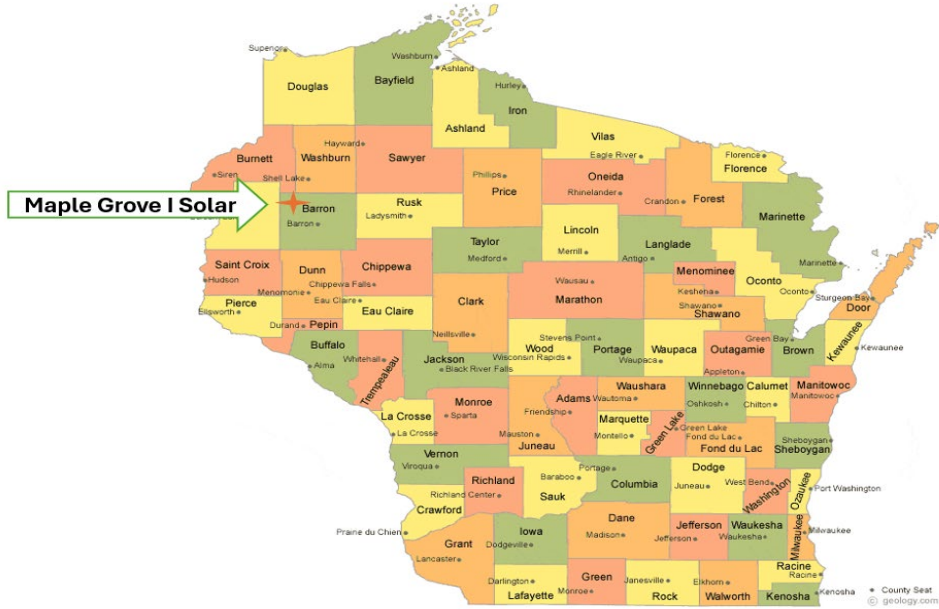

- 1) Evidence of an Investment Grade rating of transactional entity, or parent guarantor
  - Rating agency reference: BBB- or Above (S&P), Baa3 or Above (Moody's)
  - Unrated or non-investment grade participants can seek third-party guarantees (ex: rated insurers), or consider offering Cash/Letter of Credit posting
  
- 2) Ability and management signoff to execute a solar project-specific Power Purchase Agreement for a minimum of 10 years, commencing **(First Quarter 2027)** .

If your firm meets the two criteria above and is interested in additional information about the Maple Grove I Solar Project, please contact Brian Beebe of Evolution Markets ([bbeebe@evomarkets.com](mailto:bbeebe@evomarkets.com), 713-591-0821). ICEChat: Bbeebe
