Customer Overview

WPPI Energy is a joint action agency serving 51 customer-owned electric utilities in Wisconsin, Michigan, and Iowa. These utilities purchase their electrical requirements from WPPI Energy and supply power to more than 225,000 It homes and businesses. WPPI Energy has a peak demand of approximately 1,000 MW and an annual energy requirement of 5.4 million MWh.

WPPI Energy has a diverse portfolio of power supply resources, including power purchased from other entities, conventional generation owned by WPPI Energy and its members, and renewable resources. Additional information about WPPI Energy can be found at <https://www.wppienergy.org/>.

Polar Overview

Polar Consulting (“Polar”) provides a broad spectrum of energy procurement and transactional services to utilities, wholesale market participants, and large commercial and industrial customers.

Polar designs and administers competitive RFPs and auction-enabled energy procurement events on behalf of its customers within its Polaris RFX Platform.

Polar’s role in facilitating transactions is that of a match-making entity, as Polar never takes title to any of the commodities or attributes for which its customers are transacting.

RFP Overview

WPPI Energy is seeking to procure firm on-peak energy supplies across several terms between Calendar Year (“CY”) 2027 and 2031 delivered to the WEC.WPPI node in MISO.

WPPI Energy will collect offers from qualified bidders for products as outlined within this RFP via a structured live auction event conducted on the Polaris RFX Platform beginning at **10:00 AM ET on Wednesday, July 22, 2026**.

Complete RFP details may be found both within this document and on the WPPI Energy RFX webpage hosted on the Polaris RFX Platform.

Auction Product Specifications

- **Buyer:** WPPI Energy
- **Seller:** Awarded bidder(s)
- **Energy Product:** On-Peak (5 x 16) Energy only (Firm (LD)), FinSched Day-Ahead
- **On-Peak:** As defined in the Midcontinent Independent System Operator (“MISO”) Tariff.
- **Preferred Point of Delivery:** MISO Commercial Pricing Node WEC.WPPI
- **Alternative Points of Delivery:** Bidders may propose alternative point(s) of delivery within submitted RSVP notices. **Any alternative delivery point(s) must be agreed to by Buyer before auction day.**
- **Energy Delivery Term(s), Quantity:** Varying – see above table
- **Minimum Quantity Bid:** 15 MW per individual Auction Product
- **Bid Increments:** 5 MW (after minimum bid quantity has been met)
- **Energy Pricing Format (Auction Variable):** Fixed – \$/MWh
- **Polar Transaction Fee:** \$0.19/MWh
- **Auction Format:** Live Reverse with Hard-Stop Close

Auction Process Overview

This RFP will be hosted on the Polaris RFX Platform, with electronic auction lots to capture bidder offers for each associated product. All auction lots will be open for offers at the same time, with staggered closing times as detailed above.

Bidders must participate within the Polaris RFX Platform auction event(s) to have their offers considered for contract award. Offers submitted outside of the Polaris RFX Platform will not be considered for award.

Bidders may place an unlimited number of offers within each auction lot up until the hard-stop close of the auction lot, at which time no additional offers will be accepted.

Upon placing an initial offer, bidders will be able to view the prevailing best offer price and associated quantity within the auction lot, which will automatically update throughout the auction event. Bidders are encouraged to submit their best offers even if they are unable to match or beat the prevailing best offer, as multiple offers may be awarded from each auction lot.

Accessing the Polaris RFX Platform

Bidders may access the Polaris RFX Platform by following the link below and clicking either the “Login” or “Register” button in the upper right-hand corner of the page:

<https://polarisrfx.com/>

There are no fees, costs, or contractual requirements associated with gaining access to the Polaris RFX Platform. Once logged into the platform, bidders may search for and request access to this RFP (labeled RFX within the platform).

Once access has been established, bidders will see the RFX listed in the “Registered” section of the RFX Dashboard and may click “View RFX” to access the RFX and all associated details, including any hosted documents. Bidders may also toggle views on the RFX page between overview details and a listing of individual auction lots.

Bidder Notices of Intent

Bidders seeking to participate within the auction pricing events must provide notice of participation intent via email to pc_operations@polarconsulting.com by no later than **4:00 PM ET on Monday, July 20, 2026**.

Enablement

In order to participate within the auction pricing events, all bidders must have either established EEI Agreements or NAEMA Agreements between their organizations and WPPI Energy -or- have made substantial progress towards establishing such prior to the commencement of the auction events. Bidders must also have a mutually agreed upon, with WPPI Energy, form of transaction confirmation.

Bidders not yet enabled with WPPI Energy must submit enablement requests via email to pc_operations@polarconsulting.com by no later than **4:00 PM ET on Friday, June 26, 2026**.

Polar will facilitate the commencement of enablement activities between requesting bidders and WPPI Energy, with a target to substantially complete such activities by or before **4:00 PM ET on Tuesday, July 21, 2026** to allow for bidder participation within the auction pricing events.

Polaris RFX Platform Demonstrations

Bidders are strongly encouraged to schedule guided demonstrations of the Polaris RFX Platform to familiarize themselves with the platform and its bidding process if they have not already done so.

Bidders may reach out to pc_operations@polarconsulting.com to set up a guided platform demonstration and tutorial or utilize the scheduling applet on the Polaris RFX Platform homepage.

Polar Transaction Fee Payment Terms

Polar will issue invoices for transaction fees to awarded bidder(s) following the successful execution of contracts between WPPI Energy and awarded bidder(s). Transaction fees will be applied to the full-term contract volumes and payment will be due within 30 calendar days from invoice issuance date.

Applicable Polar transaction fee(s) have been detailed within the *Auction Product Specifications* section of this document. Bidders must ensure that they are taking into account the applicable Polar transaction fees when placing bids/offers within the Polaris RFX Platform.

The prices entered into the platform represent the prices at which the customer would transact and must be inclusive of applicable transaction fees. WPPI Energy has no responsibility for payment or reimbursement of any Polar transaction, bidding, participation or similar fees, costs or commissions.

Questions and Answers

Bidders may submit any questions and/or requests for clarification via email to pc_operations@polarconsulting.com for review by Polar and/or WPPI Energy teams.

Polar will review and respond to requests in a timely manner throughout the RFP process. Questions of relevance to multiple bidders may be anonymized, responded to, and added to a public Questions and Answers log to be hosted on the Polaris RFX Platform.

Auction Results Review & Award Process

WPPI Energy intends to review auction results, determine award selection(s), and convey award selection(s) to bidders within two hours following the conclusion of all auction events. Bidders must keep their offer(s) open for a minimum of two (2) hours after the close of the final auction.

WPPI Energy reserves the right to determine award selection(s) resultant from this RFP in a manner it deems best-fit. WPPI Energy further reserves the right to select any or no offers for award as a result of this RFP. Having the best price offered within an auction lot does not guarantee contract award.

Although competitive pricing is a key consideration to the awarding of contracts, WPPI Energy will also take into consideration other terms and conditions, including, but not limited to, the financial stability of each bidder.

Once award selection(s) have been determined, Polar will input any bidder awards within the Polaris RFX Platform and inform bidders how to determine provisional award status. **Any notice of award conveyed by Polar or made through the Polaris RFX Platform is to be considered provisional and non-binding until having been directly confirmed by WPPI Energy and contracts have been executed.**

Contracting

Contract awards resultant from this RFP will be documented and supported by way of either the Edison Electric Institute (“EEI”) Master Power Purchase and Sale Agreement (“EEI Agreement”) or North American Energy Markets Association (“NAEMA”) Power and Gas Master Agreement (“NAEMA Agreement”).

WPPI Energy will directly engage with awarded bidder(s) to facilitate full execution of contract awards through established EEI Agreements or NAEMA Agreements between parties utilizing mutually agreed upon forms of transaction confirmations.

Credit

Participating bidders, if they have not already done so, must ensure that they have afforded WPPI Energy with sufficient collateral thresholds to support considered transactions.

Bidders may contact Peter Shatrawka of WPPI Energy via email to pshatrawka@wppienergy.org if there are any questions regarding enablement or credit arrangements with WPPI Energy.

General Disclaimers

Preparation Costs

All costs directly or indirectly related to preparation of a response to this RFP, or any oral presentation required to supplement and/or clarify an offer and/or any related activity, including (but not limited to) any negotiation with WPPI Energy following the submission of any such bid which may be required by WPPI Energy, shall be the sole responsibility of the bidder(s).

No Warranties

WPPI Energy makes no representation or warranty, expressed or implied, as to the accuracy or completeness of any information contained herein or otherwise provided to any bidder by or on behalf of WPPI Energy. WPPI Energy reserves the right to

modify, change, supplement or withdraw the RFP at its sole discretion. No part of this document or any other correspondence from WPPI Energy, its employees, officers, or consultants shall be taken as legal, financial, or other advice, nor as establishing a contract or any contractual obligations (except as otherwise expressly set forth to the contrary herein).

Bidders are encouraged to conduct their own investigation and analysis of any and all information contained herein or otherwise provided by or on behalf of WPPI Energy. No bidder will have any claim whatsoever against WPPI Energy, its employees, officers, or consultants arising from, in connection with, or in any way relating to this RFP. Without limiting the generality of the foregoing, each bidder agrees, by and through its submission of an offer, that rejection of an offer will be without liability on the part of WPPI Energy, its employees, officers, or consultants, nor shall a bidder seek recourse of any kind against any of the foregoing on account of such rejection. The filing of an offer shall constitute an agreement of the bidder to each and all of these conditions.

This RFP, additional documentation related to this RFP, including, but not limited to, the structure, format, and timing of the auction process, shall be posted on the secure WPPI Announcement webpage on the Polaris RFX Platform. Bidders are encouraged to check the secure webpage frequently to ensure that they have the latest documentation and information.

Auction Negotiator

All winning bidders shall provide to WPPI Energy the name, address, and telephone number of persons in their organization authorized to finalize and execute the Transaction Agreement.

Reservation of Rights

WPPI Energy may select any bids(s), or no bids(s) submitted in response to this solicitation at WPPI Energy's sole and absolute discretion. That determination may or may not necessarily be based on the lowest offered price and may take into account other factors. WPPI Energy further absolutely reserves the right to reject any or all offers.
